

Puppy Package

Congratulations on your new family member! Everyone at Oasis Animal Hospital looks forward to building a long-lasting and trusting relationship with you and your puppy. During their first year of life, puppies have special veterinary needs. It is our privilege to help you and your puppy with these important events. Consistent, preventative care is important in managing your puppy's health to ensure they live a long and healthy life.

Below is a list of services included in our puppy package:

First Visit (Usually done at 6-9 weeks of age)

- Wellness Examination
- DHPP Vaccine (1st)
- Fecal test for intestinal parasites
- Routine broad spectrum deworming (Drontal)
- Puppy Pedicure
- Heartworm Preventative - Heartgard
- A Puppy Pack which includes a sample of food, pet insurance company information, more information on heartworm disease, flea and tick prevention, leptospirosis vaccine and emergency care facilities.

Second visit (Usually done at 9-12 weeks of age)

- Wellness Examination
- DHPP Vaccine (2nd)
- Bordetella/Kennel Cough Vaccine (Oral)
- Fecal test for intestinal parasites
- Routine broad spectrum deworming (Drontal)
- Puppy Pedicure
- Heartworm Preventative - Heartgard

Third visit (Usually done at 12-15 weeks of age)

- Wellness Examination
- DHPP Vaccine (3rd)
- Leptospirosis Vaccine (1st)- this vaccine is combined with the DHPP vaccine
- Puppy Pedicure
- Heartworm Preventative - Heartgard

Fourth visit (Usually done at 15-18 weeks of age)

- Wellness Examination
- DHPP Vaccine (4th)
- Leptospirosis Vaccine (2nd)- this vaccine is combined with the DHPP vaccine
- Rabies Vaccine (1 year vaccine)
- Puppy Pedicure

6 month Puppy Exam (Usually done at 24 weeks-28 weeks of age)

- Wellness Examination- Discuss spay/neuter, evaluate the mouth to ensure the adult teeth have grown in properly. Discuss long-term heartworm prevention, address changes that your puppy will go through as it enters adulthood.
- 6 months of heartworm prevention (Heartgard or ProHeart injection)
- Routine blood work: Health Check CBC (This can be used as preanesthetic blood work for spay or neuter)

Limitations:

Only one pet per package can receive the above stated services. This package cannot be shared with other pets.

There is a limited time for the services to be provided. From the initial visit, all services must be completed within 12 months of signing the puppy package agreement.

If at any time additional services are rendered for care not included on the puppy package, standard prices will be applied and paid for on the same visit. If you choose to make payments on the puppy package it is due on the 1st, 2nd, and 3rd visit.

* Your puppy's spay/neuter is not included with the puppy package, however we do offer a discount at the time of surgery. This discount is applied if your puppy is spayed/neutered before they are 12 months of age or to the veterinarians discretion if spay/neuter is recommended later than 12 months of age.

* If your puppy is not already microchipped and you wish you have them microchipped we offer a HomeAgain microchip at a discounted cost. This cost includes the microchip enrollment.
